Jakarta, Indonesia

Work Experiences

Sari Tirta Group - **Jakarta, Indonesia**   Oct 2024 - Present

Lead Software Engineer

Sari Tirta Group is a holding company under the Melawai Group, operating independently from Optik Melawai. We manage Finance, Accounting, and IT Systems for our sister companies, including Apotik Melawai, Hotel Movenpick, IRIS Internasional, Visicare, and others.

- Lead and mentor a team of software engineers, providing technical guidance and code reviews to ensure high-quality deliverables.
- Manage project timelines and resource allocation to ensure timely delivery of software projects.
- Establish and enforce coding standards, best practices, and development workflows across teams.

Sari Tirta Group - **Jakarta, Indonesia**   Jun 2024 - Sep 2024

Junior Software Engineer

- Designed and optimized software workflows to enhance system efficiency and reduce operational costs.
- Led and developed full-stack projects, ensuring robust and scalable solutions.
- Improved system performance through code refactoring and the implementation of best practices.

PT. IMAJIKU CIPTA MEDIA - **Yogyakarta, Indonesia**   Sep 2023 - Jun 2024

Junior Software Engineer

PT. IMAJIKU CIPTA MEDIA is a leading digital solutions provider, specializing in website development, mobile applications, and e-commerce systems. The company focuses on creating clean, efficient, and user-friendly platforms, serving businesses across Indonesia.

- Optimized server-side logic to enhance the performance and efficiency of web applications.
- Troubleshot and debugged backend issues to ensure smooth operation
- Collaboration with Frontend Developers to align backend functionality with user experience.

Education Level

- Huawei Datacom Course (March 2022, No Expiration Date)
- Huawei HCIA-IoT (Jun 2023, No Expiration Date)

Selected Projects

GAMASTORE - E-Commerce Platform

Full Stack Web Developer

GAMASTORE is an e-commerce platform built with Vue.js and Laravel, designed for a seamless shopping experience. It features real-time shipping tracking and secure payment processing via Midtrans.

- Crafted an intuitive and responsive user interface that delivers a smooth, interactive experience, enhancing user engagement and operational efficiency.
- Creating a Dynamic API to Bridge Back-Office and Front-Office.
- Seamlessly Integrating Payment Gateway and Shipping Gateway.

Gadjah Mada Shuttlecock Company Profile Website

Full Stack Web Developer

Gadjah Mada, a company specializing in the sales and production of shuttlecocks, now has a responsive and user-friendly company profile website. I developed the project using Astro for the front-end and a headless CMS with a REST API to manage the content.

- Crafted a modern, responsive design using Astro and Tailwind CSS, providing an optimal experience across all devices.
- Implemented a fast static site generation with Astro, ensuring quick load times and smooth navigation for users.Integrated the headless CMS with the front-end for real-time updates and easy content management.
